

You have our word.

"I pledge to deliver the next phase of a modern, state-of-the-art rapid transit system in York Region. Taking Viva out of mixed traffic and into its own lane will truly put "rapid" into our rapid transit system"

Mary-Frances Turner
President

"I pledge to make sure the project will be completed on time. Construction will be carefully planned to avoid delays and reduce impacts."

Tim Shepherd
Project Manager

"I pledge to minimize disruption during construction of the project and keep the same number of traffic lanes open, whenever possible. I'll schedule paving overnight and keep noise levels to a minimum."

Jay Wong
Construction Manager

"I pledge to be available in person to guide you through our construction activities with the practical information you need. I'll keep everyone up-to-date and respond to phone calls and emails quickly. Your questions and concerns are important to me."

Nimisha Raja
Community Liaison

"I pledge to create a greener, more beautiful place to live, work and play. Fifty per cent more trees will be added along Highway 7 East. My goal is to bring you a safe, accessible and pedestrian-friendly street."

Darlene Broderick
Landscape Architect

"I pledge to minimize disruption to local plants and animals, and their habitats. I will work hard to mitigate potential construction effects on vegetation, fish and wildlife."

Judson Venier
Biologist

We pledged to bring you a world-class rapid transit system – one that will help relieve traffic congestion and manage the future growth of our communities. We said we'd create more pedestrian-friendly green spaces. We committed to protecting the local environ-

ment and ecosystem. We said we'd do all of it with minimal disruption to those of you who live, work and commute in York Region. Yes, it's a lot to promise, but you have our word. After all, a pledge is a pledge.
